STAR Printing Office

For years the Star's printing office has been a busy place. We have gained a reputation for doing good work at fair prices and daily ring the job when promised. Few printing offices can make a similar claim. With addition to our plant we are in a better condition than ever to handle commercial printing. For three Linotypes are at your service for book and brief work. If you are not a Star customer, send us a trial order; you will be pleased with the result.

Times of the tide are taken from the U. S. Coast and Geodetic Survey tables. The tides at Kahului and Hilo occur about one hour earlier than at Honolulu. Honolulu standard time is 10 hours 30 minutes slower than Greenwich time, being that of the meridian of 157 degrees 30 minutes. The time whistle blows at 1:30 p. m. which is the same as Greenwich, 0 hours, 0 minutes. The Sun and Moon are for local time for the whole group.

THE LOG-BOOK

The waterfront was very quiet this morning, the only arrivals being the inter-island steamers Claudine and Nocuau, the former coming from Hawaii and Maui and the latter from Kauai. The Roma is expected to get away this afternoon and the Fullerton will then take her place at the oil berth and discharge her cargo of fuel for this city.

The Mohican was pulled from the

morning by the Intrepid and taken out to her old anchorage in Rotten Row. It is understood that for the present season her usefulness as a storehouse is ended and then she will remain without work for some little time unless an unforeseen job should appear.

The American-Hawaiian steamer Missourian is reported by the Claudine to have left Kahului yesterday for Hilo. She picked up a big load of sugar at the Maui and will complete her cargo at Hilo, then sailing for Salina Cruz.

The schooner Balboa, with a cargo of ohia ties for the Coast, got away from Hilo Monday morning. She was loaded and ready to start on July 9, but was compelled to remain over till Monday in order to pick up a few extra sailors for her crew. These could not be obtained on Hawaii and went up from this city by the Claudine arriving on Sunday.

Norman Watkins, of this city, has been heard from at Norfolk, Va., where he has inspected the Wilhelmina, the new steamer being built for the Matson Navigation Company to run between this city and San Francisco. He has been having a very pleasant trip and has many good things to say in regard to Captain Matson's latest venture in the steamship line.

The Irgard, Captain Christiansen, has been shifted over from the Bishop wharf to the foot of Fort street. The coal dust coming from the new bunkers of the inter-island has made the Bishop slip a place to be avoided by the masters of the sailing vessels which come in here and the change was a welcome one to all on the Irgard.

The Pacific Mail steamer Asia, from San Francisco, is expected Saturday morning with mail, but no freight or passengers, from the mainland. She makes the trip down on a seven day schedule instead of in six days, and as the result a mistake has been made in some of the local steamer schedules which have her due tomorrow instead of the next day.

NO PEACE FOR HIM.

The street car was rather crowded when the fat man got on, but he saw an opening and fell into it to hear the man on his right exclaim: "I knew it! I knew it! I knew I shouldn't be let alone!" "My friend, I didn't intend to disturb you," said the fat man, in apologetic tones. "But you have disturbed me. It's got so that I can't have a peaceful hour. A dozen times a day I am asked what I think of Taft, or if the tariff schedule don't please me. Have they a right to ask me those questions?" "No-o-o-o, but people will talk, you know." "And I am asked about the weather and the crops and business, and other fool things. They seem trying to drive me to my grave. I'm expecting every minute you'll ask me if I ever saw such weather before in this month." "No, I pledge you my word I won't." "Then somebody else will ask something just as foolish. Don't try to convince me that they won't, because I feel it in my bones." "I don't think they will. They seem to be a lot of intelligent people and

But just then a man on the other side bent over and handed the "teechy" man a slip of paper and said: "I am canvassing the car to see how many electors favor a second term for Taft. Please write yes or no on this slip."

The cheerful view Mr. Archbold takes of the future suggests that he must have adopted a new and more satisfactory system of letter-filing. — Indianapolis News.

At first sight, Shakespeare would seem to have been omitted from Dr. Elliot's list, but all that is best of him is there, of course, under Bacon's Essays and New Atlantis.—New York Evening Post.

WEEKLY WEATHER BULLETIN

FOR THE WEEK ENDED JULY 10, 1909.
Honolulu, July 12, 1909.
GENERAL SUMMARY.

The mean temperatures were higher than during the preceding week in the Honolulu district of Oahu, the Puna, N. Kona and portions of the Kau and N. Kohala districts of Hawaii, and in the Lihue district of Kauai. In the remaining districts of the section the mean temperatures were lower than last week's. The greatest excess over the previous week's was 1.3 deg., and the deficiency 1.4 deg.

The week was showery, yet, excepting in the windward and Honolulu districts of Oahu, the amounts of rainfall were generally below the average. The following are the amounts in inches, in the several districts: Hawaii—N. Kohala 0.72 to 1.65, Hamakua 0.14 to 0.87, N. Hilo 2.12 to 2.64, Puna 0.87 to 1.70, Kau 0.00 to 0.67, and the Kona 1.49 to 1.72; Maui—Makawao 2.80 to 3.03, Hana 2.07 to 3.28, Wailuku 0.13 to 0.33, and Lahaina trace; Oahu—Koolauloa 0.38, Koolau-poko 0.54 to 1.61, Honolulu 0.47, and Ewa 0.02 at the lower levels

OVER THIRTY-FIVE YEARS.

In 1872 there was a great deal of diarrhoea, dysentery, and infantile cholera. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-six years maintained that record. Nine chemists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit. For sale by all dealers. GENERAL AGENT.
No. 1 Montgomery Street, SAN FRANCISCO.

Wailau 0.31 to 0.48, Koloa 0.45 to 0.85, and Waimea 0.12; and Molokai—Molokai 1.05.

The following are the departures, in inches, from the average of ten or more years: Hawaii—N. Kohala—0.34 to +0.14, Hamakua—0.24 to -0.80, N. Hilo—0.73 to -1.27, S. Hilo—0.47 to +0.17, Puna—0.34, Kau—0.21 to -0.32, and N. Kona—0.11; Maui—Makawao +1.67, and Lahaina—0.18; Oahu—Koolauloa +0.07, Koolau-poko +0.49 to +1.02, Honolulu +0.16, Ewa—0.06, and Waianae—0.08; and Kauai—Hanalei +0.02, Koloa—0.12, and Waimea 0.00.

The following table shows the weekly averages of temperature and rainfall for the principal Islands and for the Group:

	Temperature.	Rainfall.
Hawaii.....	72.0 deg.	1.29 inches.
Maui.....	73.2 deg.	1.66 inches.
Oahu.....	74.4 deg.	0.90 inch.
Kauai.....	75.5 deg.	0.55 inch.
Molokai.....	74.9 deg.	1.05 inches.

Entire Group.....73.2 deg. 1.17 inches.

At the local office of the U. S. Weather Bureau in Honolulu unusually showery, humid, cool weather conditions obtained—showers occurring several times each day and totaling 0.47 inch, 0.16 above the normal for the week, and 0.44 more than during the preceding week. The maximum temperature was 81 deg., minimum 67 deg., and mean 74.1 deg., 3.6 deg. below the weekly normal, and 2.3 deg. lower than last week's. The mean daily relative humidity varied from 64 to 76 per cent, and for the week was 69.1 per cent. Easterly winds prevailed on four dates and northeasterly on the remainder; the average hourly velocity was 11.4. The mean daily barometer ranged from 30.06 to 30.08 inches, and the mean for the week, 30.08, was 0.09 inch above normal.
